

The Member Select Dental/Vision plan was abruptly discontinued with no advance notice given to us. We are diligently in the process of securing a new and better dental/vision plan for our members. Notices detailing the new plan will be mailed out very soon.

For members currently signed up with Member Select, you do **not** need to join Northrop Grumman Federal Credit Union. We will have another dental/vision plan to replace your Member Select coverage(s).

Our apologies for any inconvenience and or confusion. Should you have any questions/concerns, please feel free to call us at (323) 731-9358.
